

Grande Côte Operations (GCO)

Since its launch in 2014 a world leader in the development of mineralized sands in Senegal (zircon, ilmenite, rutile and leucoxene). This subsidiary of the French company Eramet has invested \$800 million in this project, which has a resource estimated at 20 years of operation. GCO has clearly positioned itself as a responsible mining and industrial player that listens to communities in order to maximize the benefits for the country, within an ethical framework and mutual respect.
